NEWS LETTER 2020-21

NAV JEEWAN

MODEL SCHOOL

WELCOMES

DEAR

READERS!

WARM REGARDS!

The schools are closed, learning continues...

The shutdown was sudden and abrupt in several aspects but the pandemic challenges has been accepted. We are now fast adapting to alternative pedagogy to engage students remotely and to continue the teaching and learning process in a Teach-From-Home-Student-At-Home situation. The speed at which the transition from conventional teaching to online instruction was expected to happen was unprecedented and stragging. Pandemic demands flexibility. creating a "Virtual Reality" of classroom without compromisigthe quality. We strived hard to do the same and it is being reflected here in the second edition of our news letter.

FOUNDATION DAY

our founder late sh. ram chandra dixit ji
marked the founding of njms family in 1999.
we celebrate our history as a special day
when the entire school family has a chance
to reflect not only the beginnings but also
on the significant development of the institution.
it is a day set aside to celebrate our history
and revisit and reconnect with the continuing
journey on 29th March every year.

Late.Shri.R.C.Dixit

Founder of Nav Jeevan Model School

He was a great person not because he was wealthy and powerful but because he was a man of great compassion, intellect and abiding commitment to humanity. One cannot say that he was here but today there is vacuum, because great souls remain eternal and alive with us through out. It was his dream to make this insitution a center of excellence and temple of learning were children of the surrounding villages can have the facility of availing modern education withot much financial burden. His love and concern for the children and their welfare had been per excellence. One can find in him the qulities of head and herat.

Even though he is not with us in his physical form, his presence can be felt through his blessings in our entire endeavor

Mr. Sandeep Dixit

Principal

My Dear Parents Teachers And Students Greetings !

I always attracted to the thought home is the first school and school is the second home in fact today it has come true coronavirus has altered children and parents let's avoid the negativities and look into positivity our homes have become school and parents have become teachers too. Unimaginable what it's a fact we have to live with now and invariably it is happening weather.

We are rich or poor far and near E-learning has emerged as the best way of imparting education.

Be assured that the management teaching and non teaching faculty of school is working towards this time meaningful and fruitfulness. We will not leave any stone unturned in educating our NJMS family. I remain grateful to all parents for your priceless support and co-operating at this moment my advice to students do not lose hope concentrate on this silver living ammadi amidst the thickest and darkest cloud at present time.

Opportunities don't happen you create them I would like to express my heartfelt gratitude to my entire team, my students, entire community for making this academic year so special memorable. It gives me great joy to meet you to all through this newsletter. Great way as we move on with our lives thanks to all who contributed to this endeavour.

MS. KANIKA LUTHRA

DEAR READERS

"Be a reader,
Be a admirer"
What a fantastic start to the year 2021 with the vaccination of covid-19! We suffered a lot in the previous year due to Pandemic. I have been impressed how our team goes above beyond by devoting time during the Pandemic to prepare children. Now moving ahead, this letter is packed with news about the many and varied activities that both teachers and students have enjoyed in a crucial situation. It consists of many things like student corner, parent reviews, activities and many other events organized in the school. We encourage our students learning in every situation.

"With the guidance & support of Mr. Sandeep Dutt, Mrs. Aranya Dutt and our N.J.M.S team our new session will start with a great positivity.

I hope that you enjoy reading this edition and have a safe positive year ahead. I look forward to seeing you in and around the school.

With Regards,
KANIKA LUTHRA

The women fertility

Feminism isn't about making women strong. Women have always been the strong ones in the world. They themselves have the right to live in dignity, in freedom from want and freedom from fear. On this women's day let us rededicate ourselves to making that a reality. I wish you happiness, success, love, everything you deserve in this world because you are special.

ROAD SAFETY

Road Safety Week

January 11 - January 17

Road Safety Week is observed from January 11th to January 17th every year. It aims at making the roads and streets in India safer. During this week-long yearly campaign, the government spreads awareness about how to drive safely in order to avoid accidents and injuries.

During the Road Safety Week in India, the police forces and other departments working for street safety will spread awareness about the Motor Vehicles Act of 1988 and Motor Vehicles (Amendment) Bill of 2019. Several workshops, seminars, and meetings will be organized to tell people about the rules and regulations that have been laid down by the Government. It will not only focus on the precautionary measures but also educate the masses via banners, pamphlets, and hand-outs. Boards with emergency contact numbers will be put up at several locations.
